

DIVERSITY, EQUITY,
INCLUSION PLAN

E2CCB

2023

**Leveraging
Our
Strengths**

To Our E2CCB Community,

All individuals engage more fully and productively within their communities when they are valued for who they are. E2CCB aspires to be an organization that creates positive and inclusive academic and professional environments where every student and employee feels safe, included, welcomed, and accepted. We believe that all individuals should be empowered to be their authentic selves within our E2CCB community. Our Diversity, Equity, and Inclusion Plan reflects our commitment to operationalizing these beliefs.

The New York State Board of Regents' Call to Action, along the New York State Education Department's Culturally Responsive-Sustaining Education Framework, promotes equitable opportunities that help all children thrive. The Board of Regents expects "that all school districts will develop policies that advance diversity, equity and inclusion – and that they implement such policies with fidelity and urgency." The plan we are putting forth will ensure we meet these expectations.

Now our work begins. It will take our collaborative and intentional efforts to meet the goals and objectives of the plan. I look forward to supporting our organization -- drawing upon our strengths and growing our abilities to support every student and staff member as they follow their own pathways to success.

Sincerely,

Dr. David O'Rourke
District Superintendent and Chief Executive Officer

Acknowledgements

Our plan is the result of the collaborative efforts of stakeholders from across the E2CCB district. We would like to thank and acknowledge the following stakeholders for their efforts and commitment to continuing to grow E2CCB's capacity to support and meet the needs of every student and staff member.
